

## LASER HAIR REDUCTION NOTES:

The interval between treatments is usually every 4 to 6 weeks for areas above the neck and every 6 to 8 weeks for areas below the neck.

The number of treatments depends on a variety of factors including laser wavelength & intensity as well as hair growth stage.

## CAPITAL AESTHETICS

Building on the Group's medical service strengths, Capital Aesthetics adds the flourishes – refining, rejuvenating, and relaxing health and wellness options.

Our clinical staff are advanced licensed medical professionals, trained first as medical providers (Physician, Nurse Practitioner, Physician Assistant) and then certified to work with the technology and science of Lasers, Exilis (RF & Ultrasound) and various potions and lotions (BOTOX® and JUVEDERM®).

Call us to book a free consultation. Ask about our BOTOX® parties and special events. Or we can design a package exclusively for you to achieve the look you'll love.

We accept Visa, Mastercard, Discover, American Express.  
We also have various CareCredit plans for payment options.
